COMMUNICATIONS.

THE U. E. LOYALISTS IN CANADA—
THE FIRST CHILD BORN AND NOW
LIVING.

To the Editor of The Mail.

SIR,—Some time since I saw an article
in THE MAIL referring to the late Col. E.
Burrill, of Burrill's Rapids, and it was
there stated that the venerable gentleman
was the first child born of U. E. Loyalist
parents in Ontario, the date given as the
birth time of Col. Burrill being the year
1797. Permit me to say that there is now
living on this Island an aged lady, Mrs.
Mary McCormick, who was born in 1792,
in July of that year, at Sandwioh, Essex,
the child of John and Mary Cornwall, both
U. E. refugees, and the first of whom was
the first member of Parliament ever elected
in the old western district of Ontario.
Mrs. McCormick was married at an early
age to William McCormick, for many years
M. P. for the same district, and a leading
man in the West. Mrs. McCormick is
still perfectly clear in all her faculties, and
in excellent health. She is the mother of
thirteen children, and an active worker
and thinker to this day. She saw from
the Canadian shores the battle of Lake
Erie, in September, 1813, and with painful
sadness knew which side victory had de-
clared for when, after the battle, the fleets
stood southward to Put-in-Bay. She knew
Gen. Hull and all the Americans in com-
mand at the time, also Gen. Brock, the
brave Tecumseh, and all the worthies of
that period; last but not least, Simon
Girty, the notorious Indian trader, whose
dare-devil deeds cover so many pages of
imaginary American literature, but who
was really a rough, wild, but kind-hearted
man. During the war of 1812, Mr. Mc-
Cormick was at most times attending Par-
liament at "Muddy Little York," when
not in the field—where he, as a militia col-
onel, was twice wounded. Owing to Mr.
McCormick's political position, his house
was the headquarters of all the leading
people of the day, and many a tale does
this venerable woman still tell of the pecu-
liar perplexities of travel in those days,
with anecdotes of various Governors-
General, bishops, and other men who
helped to mould the infant limbs of young
Canada.

Yours, &c.,
